How We’re Different From Concur

- The economics
  - More economical to own
  - We don’t charge any overconsumption fees
- One size does not fit all
  - Highly configurable to your own specific needs
- Accounting/ERP/payroll integration
  - Gorilla Expense specializes in customized integration with various ERPs
- Integrations to other systems
  - Binary Stream MEM, payroll systems

How We’re Different From Concur

- Training
  - Training is provided for all users (travelers, managers and admins)
  - Training is NOT generic; it is provided on your system using your data
- Highly recommended support

  “*Every time we ask for a change or question, whether small or big I usually have the answer within 24 hours if not within the hour, that is very impressive.”* – Hilda Hadad, Controller, Monrovia, a Concur switchover

How We're Different From Expensify

- Accounting/ERP/payroll integration
  - Gorilla Expense specializes in customized integration with various ERPs
  - Managed and implemented by Gorilla Expense at no extra charge
- Training
  - Training is provided for all users (travelers, managers and admins)
  - Training is NOT generic; it is provided on your system using your data

Gorilla Expense
Reviewed 4 months ago
Pros
This software helped move us away from manually entering data. It has been a time saver and a great tool to manage receipts/expenses.
Cons
Nothing as of yet. We are still in the early stages of using Gorilla Expense
